Introduction

H2IOSC Training Environment is a training management platform designed to offer a highly interactive virtual learning environment. It was developed by M.E.T.A SrI of the E.T.T. S.p.A. Group in collaboration with the Institute of Computational Linguistics 'Antonio Zampolli' of the National Research Council (CNR ILC) in Pisa within the framework of the H2IOSC project.

The platform allows users to spontaneously enrol in courses, offering an extensive catalogue of elearning modules and the possibility of participating in live events. Each user can create a personal page with an intuitive dashboard that allows them to monitor their progress and access certifications obtained. The integrated chat and forum functionality allows interaction between users and the creation of virtual working groups.

The H2IOSC Training Environment platform is designed to be accessible and provide a smooth and inclusive learning experience through a simple interface compatible with different types of desktop and mobile devices. The platform also emphasises an interactive learning experience by supporting quizzes, simulations and practical exercises.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

How to Access the Platform User Registration

If this is your first time accessing the platform, follow these simple steps:

- 1. Open a **web browser** and enter the following link: <u>https://h2iosc-training-</u> platform.ilc4clarin.ilc.cnr.it/registration
- 2. Click on Create an account
- 3. Fill in the registration form by entering your personal data, including first name, last name, e-mail address. Then choose a user name and password, taking care to use a combination of at least six characters containing digits, upper and lower case letters and special symbols (such as @ / %)

4. Add information such as your **qualification**, the **institution or university** you belong to (including the one where you obtained your degree) and the **department**, if any (the area of your previous studies is also fine). This will serve to complete your personal page and to better interface with other platform users via the chat and forum functionalities

5. Read and accept the **terms of use and privacy policy**

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

How to Discover and Access Courses Catalogue Navigation

After authentication, you will have access to the catalogue of courses offered by H2IOSC. There are five different entries in the side navigation bar. By clicking on each of them you will be redirected to the respective page:

- 1. Dashboard for quick access to the courses you have recently attended
- 2. My courses for a unified view of all the courses you have taken
- 3. Search the Catalogue for the latest news
- 4. FAQ (Frequently Asked Questions) for an overview of frequently asked questions
- 5. About with a description of the platform

Below you will find a description of the steps to navigate each of these pages. If you have just subscribed to the platform and have not yet taken any courses, go directly to the sections Search in the Catalogue and How to subscribe to a Course.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

Dashboard

The **dashboard** contains a summary of your courses. At the top you can see the **courses in progress** with their respective percentage of completion. At the bottom, under the heading **Your study path**, you can see the courses you have enrolled in and / or completed.

If you are not yet taking any courses, the page will offer you a slideshow with a preview of the most recent courses available in the catalogue.

To select a course from the slideshow, click on the View details button. You will then be redirected to a page. In the top right-hand corner you can carry out a free search within the catalogue by typing keywords in the Search in H2IOSC box.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

My Courses

Under **My Courses** you can find the courses you have enrolled in with their percentage of completion.

In the search box above you can perform a natural language search limited to the courses you have enrolled in. For a search of the entire catalogue at your disposal, see Search in the Catalogue.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

Search the Catalogue

With this functionality you can perform a natural language search on the entire H2IOSC course catalogue. You can access the simple search by typing keywords in the search box at the top centre of the page.

To perform an advanced search, click on the corresponding text below the search box. A sidebar will open allowing you to filter your search.

How to Enrol in a Course

Now that you know how to navigate the **H2IOSC Catalogue**, you have everything you need to choose the course that is right for you. Just select the desired course directly from the catalogue or from your search results and click on the corresponding icon. A window will open with the main course information: title, authors, abstract, main language and keywords. To access further information, such as level of difficulty, prerequisites and learning objectives, you can expand the view by clicking on the **Show more** button.

Below the information you can find an overview of the modules into which the course is divided with the title and respective authors. By clicking on the **Start the course** button, which can be found both at the top right and at the bottom of the information window, you can access the course contents. If the course is limited access, you will have to enter a code provided by the lecturer, for which please refer to the Limited Access Courses section of this guide.

H2IOSC Project - Humanities and cultural HeritageWebsiteItalian Open Science Cloud funded by the Europeanwww.h2Union - NextGenerationEU - NRRP M4C2 - ProjectE-Mailcode IR0000029 - CUP B63C22000730005info.h2id

www.h2iosc.cnr.it E-Mail info.h2iosc@h2iosc.cnr.it

Open Access Courses

If the course you have selected is open access, after clicking on the course icon and navigating the window with the main information, you can access the teaching materials by simply clicking on the button labelled **Start the course** at the top right and at the bottom of the information window.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

Limited Access Courses

A course may have a limited number of participants because it is specially created for a selection of participants. If you are part of this selection, you will have received a numerical code from the course lecturer.

After selecting the course and clicking on the **Start Course** button in the information tab, a screen will appear asking you to enter the **activation code**. The teacher should have already given you the activation code via the email you signed up with. Enter the code in the box and click **Continue**. At this point, you will have free access to the course materials.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

How to Browse Course Materials

After clicking the **Start the Course** button, the contents page will open. The contents of a course are organised into **modules**, **units** and **lessons**. Modules are the highest level containers, grouping one or more units. Units collect groups of lessons that each articulate a single learning objective of the course.

On the left-hand side of the screen you will see an **Index** listing the course title and the relevant modules. By clicking on the title of a module you will be able to open the table of contents of that module, with the relevant units and lessons. By clicking on the **Unit** you will be redirected to the beginning of the unit, while by clicking on the individual **lesson** you will be able to view its contents.

You can browse through lesson content by simply clicking the **forward arrow** at the far right of the screen to view the next content or the **back arrow** at the left of the screen to return to the previous content. While browsing, a pop-up at the top right of the screen will alert you to a change of module or unit.

H2IOSC Project - Humanities and cultural HeritageWebsiteItalian Open Science Cloud funded by the Europeanwww.h2Union - NextGenerationEU - NRRP M4C2 - ProjectE-Mailcode IR0000029 - CUP B63C22000730005info.h2id

H2IOSC Project - Humanities and cultural HeritageWebsiteItalian Open Science Cloud funded by the Europeanwww.h2Union - NextGenerationEU - NRRP M4C2 - ProjectE-Mailcode IR0000029 - CUP B63C22000730005info.h2ic

Smooth Text Navigation

The **text** format is the most common way to convey the content of a lesson. In this case, you will be able to personalise your learning experience by adding coloured underlines, notes and links. To do so, select the portion of text you are interested in and a context menu will open. From here you can select the desired colour to underline the text, or the notepad or link symbol to add a note or hyperlink respectively.

To underline text, simply select the text you are interested in and choose the colour from the context menu that will automatically open.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

To insert a **note**, select the text you are interested in and then click on the notepad symbol in the context menu that will open automatically. You can now write free text in the **Note** box, which also includes a box for hyperlinks. Click on the **Save** button to save the note; click on the **Cancel** button to delete it.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

How to Follow Live Events

Accessing Events from the Side Navigation Bar

The H2IOSC Training Environment platform allows you to follow online events in real time by redirecting to platforms such as Microsoft Teams, Google Meets, Big Blue Button or Zoom. If the course you are following includes such events, you can find them in the side navigation bar.

To view course events, **click on the calendar icon** on the side navigation bar. The events section will open, with an overview of the current month's events.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

By clicking on the **arrow to the right**, you can view the events scheduled for the following month. Click **on the left arrow** to return to the previous month. Click on the **Today** button to display the events scheduled for today.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

Clicking on the event title will open a detail window with the main information: title, speakers, topics and date of the event. If the event is not scheduled on today's date, the light blue **Scheduled** sign will appear. If the event has been opened because it is on the scheduled day and time, the green **Participate** sign will appear instead.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

To participate in the event, click on the green **Participate** sign on the day and time set for the event and you will be redirected to the virtual lesson room.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005

Accessing the Events from the Index

Alternatively, select the Index button from the navigation sidebar (these are the three horizontal lines in the blue bar to the right of the screen). Once the index page is open, you will see an additional tab entitled Events. Select it to see a list of course events with their title, date and time.

To participate in the event, click on the green **Participate** sign on the day and time set for the event and you will be redirected to the virtual lesson room.

H2IOSC Project - Humanities and cultural Heritage Italian Open Science Cloud funded by the European Union - NextGenerationEU - NRRP M4C2 - Project code IR0000029 - CUP B63C22000730005
